FOR JAHANNAM
BLATANT KUFR
BRAZENLY PROMOTED
BY AL JAHANNAM PARTY

The Press reports:

Hendricks said that the party received a prophecy from the fugitive prophet before the polls, claiming Bushiri predicted the organisation would grow its electoral footprint in parts of the country.

(End of the Report)

The KUFR of Mr.Hendricks & his gang of politicians is confirmed beyond every vestige of doubt. Muslims who may have voted for this Jahannam Party have voted for the Taghooti 'prophet' Shepherd Bushri who is currently on the run having fled from the South African authorities to escape fraud involving over R100 million.

This Party of Jahannam has stooped to an unprecedented level of degradation by licking the boots of a bogus 'prophet'. Thus the shayateen of Jahannam Party receiving 'blessings' from the Agent of Iblees.

JOHANNESBURG - While some political parties led campaigns to garner support in all corners of the country, some looked to controversial prophet, Shepherd Bushiri, for blessings leading to the election.

Al Jama-ah leader, Ganief Hendricks, told **Eyewitness News** that the party received a prophecy from the fugitive prophet before the polls.

He claimed Bushiri's prophecy predicted that the organisation would grow its electoral footprint in parts of the country.

Prophet Shepherd Bushiri is still a wanted man in South Africa for fleeing the country to escape fraud and money laundering charges amounting to over R100 million.

Despite this, members of the Al Jama-ah party travelled to Bushiri's church in Malawi and came back with the prophecy predicting the organisation's electoral support would increase.

While Hendricks welcomed the prophecy, he said he had no control over the religious beliefs of party members.

"In Mpumalanga, we have Prophet Shepherd Bushiri's people, he has blessed them. He hasn't blessed Al Jama-ah, but he's very happy that Al Jama-ah is the first party that is giving his party a political home."

The Al Jama-ah party contested all provinces besides the Free State and Mpumalanga and only got 39,000 votes on the national ballot.
