THE OBSESSION WITH WOMEN – A PENCHANT OF ‘SLUT’ MOLVIS

The term ‘*slut*’ literally refers to a woman who has the tendencies of a prostitute. However, it will be valid to label molvis who have a zina obsession with women as ‘sluts’.

In this age of extreme and abhorrent immorality in which zina has become a cult, the devilish molvis are incrementally becoming obsessed with women. In violent and glaring conflict with the Qur’aan and Sunnah – the Shariah – they are going to extremes in their satanic zina efforts to lure women from their homes to participate in their evil programmes which they paint with some ‘deeni’ colours to dupe and mislead. But in reality they labour in self-deception.

One of the notorious entities which excel in this zina art are the ‘slut’ molvis of Darush Shaithaan of Durban. This entity’s head, one miscreant misguided molvi zubair has a passionate obsession for women. Hence he is in the forefront of the satanic scheme to lure females from their homes into the public domain under the deception of ‘deeni’ programmes.

There is no greater and no more important Deeni ‘programme’ than Salaat. But the Shariah has banned women from even Salaat in the Musaaajid. In flagrant violation of this Prohibition and the Qur’aan’s command for women to remain ‘glued’ in their homes and not to emerge, the molvi ‘sluts’ have determined to bypass the Qur’aan and Sunnah and to give greater impetus to their shaitaani programmes of luring women out of their homes.

We are in an age which is in proximity of Qiyaamah. In this age there will be an ascendancy of females in all spheres of life. They will preponderate in the public domain. The entire environment will become immorally polluted. Shaitaan is employing his Traps to the maximum in this age. Allah Ta’ala has made women the Traps of shaitaan. They are termed “*Habaailush Shaitaan*” (*Snares of the Devil*).

All such women who participate in the programmes of the ‘slut’ molvis are themselves Sluts. Mu’minaat – Muslim women of Imaani Haya (shame) will not participate in the evil programmes of the molvi sluts who are obsessed with women. Their minds and hearts are putrefied with zina. The evil women are swift in answering the calls of these slut molvis. They are of the same feather. Regarding them the Qur’aan Majeed states:

“Khabeethaat (immoral/filthy slut women) are for khabeetheen (immoral / filthy slut men, and khabeethoon (immoral / filthy male) are for khabeethaat. Tayyibaat (pure / chaste women) are for Tayyibeen (pure / chaste men), and tayyiboon and for tayyibaat.”
(An-Noor, Aayat 26)

That is: Sluts for Sluts.

They act in total conflict with the Shariah. They do the exact opposite of what the Qur’aan and Sunnah command.

These slut molvis are a total disaster for the morals of the stupid women whom they lure out of the homes to gratify their nafsaani obsession and bestial cravings. It is difficult to fathom that they have Imaan in their hearts. People of Imaan do not conduct themselves in flagrant violation and rejection of the Qur’aan Majeed. While Muslims do sin, they do not sin in the name of the Deen as do these slut molvis and slut women.

The Shariah’s emphasis on female concealment and remaining indoors explicitly negates the ‘deeni’ programmes for women which these treacherous slut molvis organize.

Women should understand – and if they are not sluts, they will understand – that purdah is not confined to an abaaya and a niqaab. In fact, most of these so-called niqaabi aunts are confirmed *Habaailush Shaitaan (Snares of Iblees)*. The headquarters of Purdah is the heart. The Qur’aanic concept of Purdah demands that women remain within the holy precincts of their homes. They are not supposed to emerge. When they emerge, they become the traps of shaitaan. And, this includes the Tablighi Jamaat aunts who are falsely dubbed ‘*mastooraat*’. They are not *mastooraat*. On the contrary, they are *Makshufaat* – women who expose themselves just as these modernist ignorant sluts do. The worst dimension of their haraam exposure is that they perpetrate their shaitaani emergence and globe-trotting in the name of the Deen. Thus, they are among the worse kinds of *Habaailush Shaitaan*.

“(O women!) Remain glued within your homes and, make not a display of yourselves as the exhibition of Jaahiliyyah.”
(Qur’aan)
