NASRUDDIN – A SCHOOL OF FISQ, FUJOOR AND KUFR

The meaning of *Nasruddin* is “*Aiding the Deen*”. However, whilst the secular school masquering as an ‘islamic’ school has dubbed itself ‘*Nasruddin*’, it is in reality **NASRUSH SHAITAANIYAT**, i.e. *Aiding shaitaaniyat (satanism)*.

Even Muslims who may not be staunch followers of the Sunnah, will certainly be appalled and disgusted to know the *fisq* (flagrant violation of the Shariah), *fujoor* (immorality) and kufr which this shaitaani school condones and practically promotes. The following is an exercise which the evil school imposed on Muslim pupils:

Satanists

Do you all know the songs *Daar kom die Alabama* en '*January, February, March*'? If not, ask your educator to teach them to you.

These and similar songs are sung annually by the Cape Coons during their march. They usually play on banjos, guitars and sing and play in the streets of Cape Town. Each troop wears different outfits and performs their own steps. They practice months before. Now it is a fixed annual event which attracts many tourists who come to look at the traditional dances and festivities.

The Cape Coons usually wear brightly coloured clothes. They perform short steps to the beat of the music. If someone in the class attended the festivities before, let him/her demonstrate the steps to the class. They normally dance in rank — in other words in rows. Their faces are decorated with black and white make-up.

(End of Shaitaan's questionnaire)

The first anomaly to note is that this kaafir school calls itself '*Nasruddin Islamic School*'. The questionnaire – the whole of it – every iota of it – is anti-Islamic and the very antithesis of everything the Shariah teaches Muslims. It is absolutely necessary for this haraam school to discard the designation, *Nasruddin Islamic*. It must change its name and not resort to falsely advertising itself as 'Islamic'.

The second greater evil is the kufr instruction: "*Read your dua before starting*". It is kufr to take the Name of Allah Azza Wa Jal and to supplicate for Allah's aid to accomplish a haraam act. It is worse and greater kufr to seek Allah's aid to achieve success in *fisq*, *fujoor* and *kufr*. The whole of the question pertaining to the Coon-Satanists and their acts of satanism is a conglomerate of ***fisq, fujoor and kufr***. To supplicate for success in this exercise of shaitaaniyat is kufr.

Thirdly, dancing, singing, music, clowning, disfiguring faces, prancing like baboons in the public, intermingling of sexes, dressing up like drunken clowns, haraam photography, and performing acts of satanism for public entertainment are all *kabeerah* (major) sins. These sins, if accepted as sins, darken the heart and bring Imaan to the verge of extinction. All these sinful acts are deeds of *fisq* and *fujoor*

Fourthly, the children are actively imposed on to learn the immoral songs. The instruction in the question paper is: "*Ask your educator to teach them (the songs) to you.*"

Fifthly, the school encourages the pupils to physically learn how to dance like satanic baboons. Thus, the children are instructed: *"If someone in the class attended the festivities before, let him/her demonstrate the steps to the class."* These are the steps of zina. Dancing has been introduced by Shaitaan for the specific objective of zina, hence the Qur'aan Majeed commands; *"Do not approach even near to zina."* But this school of Iblees teaches Muslim children the steps of zina and the ways of coming within proximity of the ultimate act of zina. Therefore this school which aids and abets shaitaaniyat, is a school of zina.

This is the gutter degree of utter shamelessness and lewdness being indoctrinated in Muslim children under guise of it being 'islamic'.

Sixthly, if these sinful deeds of the devil are considered permissible, and most certainly the shaitaani Coons do regard their baboonery and clownery to be permissible, then it will be *Sareeh (Explicit) Kufr* – kufr which eliminates Imaan.

The 'muslim' teachers who are imparting this kufr, fisq and fujoor to the children at the school of shaitaan are guilty of the capital sin of kufr. As such, they have lost their Imaan. When Imaan is negated by the acceptance and propagation of kufr, one's nikah also is negated. Therefore, if any of these 'muslim' teachers is desirous of being a Muslim, the imperative need is Taubah, declaration of the Kalimah Shahaadat and to follow up this with renewal of Nikah.

It is Waajib for parents to remove their children from this school of shaitaaniyat. Although all secular schools are haunts of Iblees, the lesser of the evils is a non-Muslim school. At least the Muslim children will not be hoodwinked into believing that the kufr, fisq and fujoor being taught at the non-Muslim school are valid and permissible in Islam. They will understand the status of the fisq, fujoor and kufr which are being imparted at non-Muslim schools for what it really is. But when evil is taught by Muslim teachers at a so-called 'islamic' school bearing an Islamic name, the pupils are cast into massive deception. They gain the understanding that the kufr being taught is acceptable in Islam.

Parents should realize that we are living in an extremely delicate era. Immorality, vice and kufr are in predominance at all levels of society and in all secular institutions even if these institutions are in the control of 'muslims'. These 'muslims' themselves are Islamically *person'a non grata*. This is the age predicted in the following Hadith narrated by Hadhrat Abullah Bin Amr (Radhiyallahu anhu):

"There shall dawn an age when the people will assemble in their Musjid and perform Salaat whilst not a single one of them will be a Mu'min."

May Allah Ta'ala preserve our Imaan and take us from this dunya with our Imaan intact, Aameen.
