THE KUFR GULENIST SATANISM

The Majlis has published several articles warning Muslims about the kufr danger of the Gulen movement which is ensconced in American conspiracy aimed at the destruction of Islam. The following is an article by some anonymous Muslim brother. It correctly explains the satanic Gluenist movement operating under Islamic guise. There is nothing Islamic about this evil shaitaani conspiratorial gang.

THE GULEN MOVEMENT ALSO KNOWN AS HIZMET AND FETO

FETO or HIZMET is run by a man named Fethullah Gulen, a Turkish 'cleric' who is in exile in the US. Despite many extradition requests from the Turkish government, the US have refused to hand him over for trial and prosecution in Turkey.

This organisation was behind the failed coup in Turkey to overthrow the elected government run by president Erdoğan. There was also an assassination attempt on the life of Erdoğan.

Read the details on the failed coup here:

This terrorist organisation recruits it's members and followers under the guise of 'religious and educational institutions' and indoctrinates the minds of people thereby.

View attached infographics for a detailed overview.

The Gülen movement is deemed a designated terrorist group by the following countries and international organizations:

- Turkey, since May 2016
- Gulf Cooperation Council, since October 2016
- Organization of Islamic Cooperation, since October 2016
- Pakistan, since December 2018

- Northern Cyprus, recognised only by Turkey and considered by the international community to be part of the Republic of Cyprus, also designated the Gülen movement as a terrorist organization in July 2016.

Note the number of Schools linked to Hizmet in South Africa:

<http://gulenschoolsworldwide.blogspot.com/2015/01/gulen-schools-worldwide-list.html?m=1>

Strangely enough, they also have a system of 'Imamiyyah', and claim that Rasulullah صلى الله عليه وسلم is present at their sporting events and directly commands them. Naoodhubillah!

Unfortunately, South Africa has become one of the main bases for this terrorist organisation outside of Turkey and the US. The Nizamiye complex in Midrand is the biggest of them.

How the Gulenists set up camp in SA:

Please stay clear of this organisation and it's institutes, they will indoctrinate our minds and our children's minds too!

They have strange beliefs that are alien to Islam and are suspiciously cosy with the enemies of Islam!

See the below fatwa of a senior Mufti of South Africa:

THE KUFR BELIEFS OF FETHULLAH GULEN.

The beliefs of Fathullah Gulen - Is he a Muslim & can we go to his Masjid?

QUESTION

Assalamu alaykum wa Rahmatullah wa Barakatuhu

I hope that Mufti Saheb is keeping well Insha Allah

Attached is a book published by the Ministry of Religious Affairs of Turkey. It details the beliefs of Fathullah Gulen. Fathullah Gulen has been involved in great controversy and has a base in SA, in Midrand.

Can Mufti Saheb kindly study this work and provide the following responses:

1. What is the status of a person who has the beliefs stated in the book?
2. What is the status of performing Salaah behind a person who has these beliefs?
3. Is it permitted to attend Salaah at a Masjid built and run by a person or persons with such beliefs?
4. Is it permitted to host major programmes at a Masjid built and run by a person who has such beliefs?

Jazakallah u Khayran
